FOR OVER 75 YEARS

OLYMPIA MANUFACTURING COMPANY

Crown Cabinets has been striving for the level of excellence that will ensure your satisfaction with our quality cabinetry. In the process we have earned the reputation of providing full featured, well built cabinetry, delivered on time and fairly priced. At Crown Cabinets, quality is not an upgrade. It's our standard! Crown takes great pride in every cabinet we produce. Our philosophy of high quality and craftsmanship throughout the production process guarantees your satisfaction. During production we use only the best components and select grade woods available.

We offer three different lines of cabinetry in countless styles and finishes. The availability of hundreds of options and accessories allows you to customize your kitchen to compliment your personal taste. The possibilities are limitless with all of the sizes, options and styles we offer.

CABINETS FOR EVERY ROOM

IMAGINE THE POSSIBILITIES

When visualizing cabinets, most people instantly think of the kitchen. We realize the kitchen is just one of many rooms where cabinets are useful. We manufacture cabinetry for every room; from kitchens to bathrooms to recreational rooms, the possibilities are endless. In addition to the more traditional kitchen and bathroom cabinets, we offer cabinets for entertainment centers, home offices, garages, family rooms, dining rooms, and more.

QUALITY CABINET

CONSTRUCTION

The benefits of Crown Cabinetry include solid wood doors, drawer fronts on applicable styles, and face frames. Experience the beauty of real wood under our seven step finishing process which includes a conversion varnish top coat, the finest finish available. In the Crown Line Baltic Birch plywood and Alder Hardwood Drawer Boxes are constructed using furniture quality dovetail joinery. The drawer box is glued at each joint and nailed together, adding strength to the most often used part of the cabinet, ensuring years of dependable operation. All cabinet hardware is warranted for the life of your kitchen.
